About Oregon Entrepreneurs Network

Founded in 1991, celebrating 20 years of service to entrepreneurs, the Oregon Entrepreneurs Network (OEN) is a 501c3 non-profit corporation and the largest entrepreneur assistance organization in Oregon and Southwest Washington. OEN fosters the flow of entrepreneurial ideas, services, and capital to entrepreneurs and helps connect emerging Northwest businesses to growth-stimulating expertise and valuable resources.

OEN is a people-oriented network that helps cultivate, nurture and develop emerging businesses and entrepreneurs. Our network of members and breadth of services, offers business education, access to capital networks, support and contacts who can mentor and nurture startup companies' growth and development. OEN also helps small and mid-sized companies develop and implement strategies for community involvement that jointly meet the goals of the company, the passions of the employees and the needs of the community via its program, EFNW. For more information on OEN and its programs visit www.oen.org.

ADDENDUM FOR BIOS OF LIFETIME ACHIEVEMENT & INDIVIDUAL CANDIDATES FOLLOWING

Individual Achievement Category

Sam Blackman, Elemental Technologies – www.elementaltechnologies.com - Portland, OR
Chief Executive Officer, Chairman and Co-founder

Sam brings extensive management experience and video processing expertise to the Elemental team as chief executive officer. He has grown Elemental into the leading provider of video processing solutions that enable multi-screen content delivery, building innovative products used by leading video content owners and distributors. Prior to co-founding Elemental in 2006, Sam designed integrated circuit products for Pixelworks. Prior to joining Pixelworks in 2000, Sam held engineering positions at Silicon Graphics and Intel Corporation. He is a frequent presenter and source for leading trade and news organizations given his deep industry knowledge. Sam holds an M.B.A from University of Oregon, an M.S. in electrical engineering from University of California at Berkeley and a B.S in electrical engineering from Brown University.

Robert Judge, Wellpartner, Inc. – www.wellpartner.com - Portland, OR
Executive Vice President and General Manager, Wellpartner Contract Pharmacy Services

Robert Judge is a co-founder of Wellpartner, Inc. He oversees the Company's Contract Pharmacy line of business. In less than 10 years, Wellpartner has grown into a \$100 million Oregon-based business with over 100 new, high paying jobs, and serves as a major teaching point for Oregon's schools of pharmacy.

Robert's vision for Wellpartner was to create a company that is recognized for lowering the cost of pharmacy care without sacrificing the quality of that care. Wellpartner serves the most vulnerable patients, including a number of state Medicaid plans. The State of Oregon estimated that Wellpartner saves the State's Medicaid program an average 10% on the cost of medication for its most needy patients.

Previously, Robert served in senior positions at several high technology companies. He was Director of Product management at InFocus Systems, an Oregon-based manufacturer of digital and liquid crystal projection technology. Additionally, he spent 13 years at IBM Corporation serving in a variety of sales and product management executive positions. Robert's last 5 years with IBM included running IBM's product management efforts in IBM's Commercial Desktop and Wide Area Networking Divisions.

Robert received B.A. degrees in Political Science and Economics from California State University San Bernardino.

Chris Marsh, Pulse Health LLC - www.myrevelar.com - Portland, OR
CEO and co-founder

Chris Marsh is the CEO and co-founder of Pulse Health LLC, a pioneer in delivering breath technologies that can measure several key human biomarkers that provide early detection of a variety of diseases. Pulse's flagship product, Revelar™ is the first non-invasive device that measures aldehydes, known indicators of free radical damage.

Chris actively serves on the board of three companies where he has been involved since their early formation: Hubcast, Boston; Aisle 7, Portland; and I4CP, Seattle. He is also the cofounder and

Board Chairman of Auctionpay which sold successfully two years ago. Chris also shares his time supporting entrepreneurs via Oregon Entrepreneurs Network, Oregon Bioscience Association and YPO. Prior to Pulse Health, Chris was Chief Executive Officer at Unicru. He joined Unicru in April 2001 and under Chris' leadership, Unicru grew from 40 to 350 employees and was recognized in three of the last four years as one of the 500 fastest growing and most successful companies in the U.S. by Inc. Magazine and Deloitte & Touche.

In July 2006, Unicru was sold to Kronos, Inc. for \$170 million, a four-times revenue multiple. Thereafter, Chris was appointed President of Kronos's Talent Management Division, where within 10 months Kronos sold to a private equity fund for \$1.8 billion.

Prior to Unicru, Chris was the EVP of E*Trade, the leading online financial brokerage firm and independent provider of ATMs. Prior to E*Trade, he was a CFO and COO for Card Capture Services (CCS) where he played an instrumental role in the sale of CCS to E*Trade.

Lifetime Achievement Recipient

Gerry Langelier, OVP Venture Partners – www.ovp.com – Portland, OR

Managing Director

For almost 20 years, Gerry has served as a Managing Director with OVP Venture Partners, the most experienced venture capital firm in the Pacific Northwest. OVP was formed in 1983, and has raised seven venture capital funds, the most recent at \$250 million. The firm has over \$750 million of capital under management and focuses on early-stage companies in clean tech, digital biology, and information technology. Since its founding, OVP has backed over 125 start-ups – and seen 53 liquidity events including 23 IPOs, and 30 others being acquired by public companies.

From 1981 to 1992, Gerry was co-founder of Mentor Graphics Corporation (NASDAQ: MENT) where he served as President. He helped lead Mentor to over \$400 million in sales and \$1 billion in market capitalization, ranking it as one of the largest and most profitable of all U.S. companies founded in the 1980s. The company remains the fastest growing public software company to \$200 million (in constant dollars) in US history. Currently at about \$1 billion in revenues, Mentor continues to rank as the second largest software company in the Pacific Northwest, behind only Microsoft.

He started his career in Oregon in 1977 at Tektronix, initially as part of a group called "New Ventures" – an early player in corporate venture capital, and then later he became one of the founding team members for Tek's printer division.

His service as a board member covers the range from digital media, energy, enterprise software, network security, and wireless communications to biotechnology. Gerry served in the US Air Force Reserves. He also was elected to and served as School Board Chair of the Riverdale Public School District. He previously chaired the Riverdale School Foundation. He served as Chair of the Oregon Museum of Science & Industry (OMSI) Board of Trustees, and Chair of the State of Oregon Facilities Authority – a bonding agency for not-for-profits.

He holds an AB, Chemistry from Cornell University, and a MBA from Harvard.
